**Culinary delights** – 15 Gault&Millau points

### Restaurant Scala

In addition to its fresh, creative and delightful dishes rooted in Mediterranean cuisine, the Scala Restaurant in Lucerne, which was awarded 15 points by Gault&Millau, also offers a wonderful setting decorated in the Art Deco style. The MONTANA cuisine embodies the ease of the South, and draws on influences from southern Switzerland, Italy, France and Greece. Our long-serving chef, Johan Breedijk, places great importance on ensuring that all of our dishes are freshly prepared every day, with excellent ingredients. Enjoy your lunch or dinner in the Scala Restaurant or on the Scala Terrace with breath-taking views over the lake, the mountains of central Switzerland and the historic centre of Lucerne.

### MONTANA Kitchen Club

Our kitchen is open to all of our guests; at any point, you can glance over the shoulder of our kitchen team and watch as your menu is created in front of your eyes. Our philosophy: right in the thick of it, instead of next door. The Kitchen Club at ART DECO HOTEL MONTANA allows guests to immerse themselves in the hotel's culinary world. An escalator takes you to the heart of the hotel kitchen, where you can take a front-row seat and watch our chefs bring their menu to life. Take a seat at the Kitchen Table in the heart of the kitchen, which was awarded 15 points by Gault&Millau, and see, smell, hear, feel and taste – a unique concept for all senses.

### **MONTANA Beach Club**

Escape the stress of day-to-day life and enjoy that summer seaside feeling as you spend the evening above the rooftops of Lucerne. At the MONTANA Beach Club, we pamper you from May-September under the stars with refreshing drinks, delicious canapés and breath-taking views over Lake Lucerne and the mountains. Our whirlpool and rainforest shower are guaranteed to cool you down.

### **Louis Bar**

The Louis Bar is the only bar in Switzerland to boast a range of over 130 single malt whiskies including the largest selection of rare bottles. The bar owes its name to the legendary jazz trumpeter Louis Armstrong, whose life-size wooden statue greets guests as they enter. It is also the setting for the weekly legendary jam sessions and many other concerts. The Louis Bar is non-smoking.

### **Hemingway Rum Lounge**

The Hemingway Rum Lounge takes its guests back in time to Ernest Hemingway's days. With more than 60 sorts of rum from Central and South America, it offers the largest variety of rums in Switzerland. Exquisite cigarettes can also be purchased here. Thanks to its sophisticated ventilation system, the Hemingway Rum Lounge is also a comfortable smoker's lounge.

### **Meetings & Banquets**

From small, spontaneous meetings of 8 people or more, to large seminars with up to 130 participants – our seminar rooms, with their practical design and inspiring ambience, can give you the space you need. All seven rooms can be sectioned off or linked up, according to your needs. Our options include an 'all-inclusive' package, which includes an overnight stay, catering during the stay, and a seminar room complete with basic technical equipment, as well as a package option individually tailored to your needs.
